This face, and the lips, tremble, as it rips
Your blood quickening as heat rushes on

[Chorus]

Pull, Harder, Strings, Martyr
Stop you cry that's a lie
Flush gasping white reddening
You smile and destroy it
It's time that we end this
It's our curse that makes this world so hopeless
Allowing our king to spread his genocidal wings

Clawing the skin each kill your weakness
Annihilation your masturbation
Tyrant, I'll burn you down

[Chorus]

Pull, Harder, Strings, Martyr
Stop you cry that's a lie
Flush gasping white reddening
you smile and destroy it
It's time that we end this
It's our curse that makes this world so hopeless
Allowing our king to spread his genocidal wings
My hands grip your throat I need your end
Burned, Staked, ripped apart - I avenge
You ask me "oh god why?"
'cause i'm god that's fucking why

[solo]

[Chorus]

Pull, Harder, Strings, Martyr
Stop you cry that's a lie
Flush gasping white reddening
you smile and destroy it
It's time that we end this
It's our curse that make this world so hopeless
Allowing our king to spread his genocidal wings
It's our curse that make this world so hopeless
Allowing our king to spread his genocidal wings
