Take me into the seas
so i can clean off this disease

death will complete me
It's what I need

Take my evil
To the skies
Take my evil
All light dies

Shattering the skies above
I want to destroy all that you love
Shattering the skies above
I wont rest 'till I am drenched in blood

Take me into the seas
so i can clean off this disease

death will complete me
It's what I need

[Solo]

Take my evil
To the skies
Take my evil
All light dies

Shattering the skies above
I want to destroy all that you love
Shattering the skies above
I wont rest 'till I am drenched in blood

Take my evil
To the skies
Take my evil
All light dies

[Solo]

Shattering the skies above
I want to destroy all you love

(I'm Shattering)
(Shattering the skies above)
Shattering the skies above
I wont rest 'till I am drenched in blood
I'm shattering

Take my evil
To the skies
Take my evil
All light dies

Shattering the skies above
I want to destroy all that you love
Shattering the skies above
I wont rest 'till I am drenched in blood

Shattering the skies above
(Shattering the skies above)
