Wandering endlessly upon the shores  
For something that I will never attain  
Banished here for a life of nothingness  
My only comfort is the sand I bleed on

Hope is gone, it will never be the same  
All I feel are the repeated stings of pain  
Pungent stench of the sins of the worthless ones  
Faithless cries of the sins of the godless ones

Marching on in deathly silence  
Upon the shores we go  
Crashing tides applaud the violence  
Upon the shores we go

I'm dying endlessly upon the shores  
For something that I will never attain  
Tortured here for a life of nothingness  
My only comfort is the sand I die on

Hope is gone, it will never be the same  
All I feel are the repeated stings of pain  
Pungent stench of the sins of the worthless ones  
Faithless cries of the sins of the godless ones

Marching on in deathly silence  
Upon the shores we go  
Crashing tides applaud the violence  
Upon the shores we go

Charon, is this the fate for me  
Is the Obolus all I pay  
Cursed to wander the shores of Acheron  
My eyes must have been missing silver coins

[solo - Matt Heafy]

Maggots drinking the blood of me  
Insects licking the tears I weep  
Hornets piercing, while wasps are breaking  
Every single fucking inch of skin on me

[solo - Corey Beaulieu]

Hope is gone, it will never be the same  
All I feel are the repeated stings of pain  
Pungent stench of the sins of the worthless ones  
Faithless cries of the sins of the godless ones

Marching on in deathly silence  
Upon the shores we go  
Crashing tides applaud the violence  
Upon the shores we go
