Please, draw me close to you.
And never let me go.
Please, just be closer to me.
And hold me into your arms.

Chorus:
Never let go.
Please, hold me close.
Please, come to me and never let go.
In your arms open wide.
I'll keep our love alive.
So please, never let go.

Please, hold me closer to you.
And never let me go.
Please, take me to your heart.
We will never be apart.

Chorus:

No, no, no.
Don't ever leave.
Don't let go.
We're just falling in love.
