She was a heroine for me  
She was the one who helped me.  
I never knew I could meet someone.  
Like Olivia.  
Olivia Lowh.

Chorus:  
Olivia, she's been drinking a lot.  
She's been taking drugs.  
I hoped I get her out of this.  
Olivia.  
Olivia Lowh.

She was a razor in my mouth  
A razor in the darkness of town  
I never noticed the sound of her heart.  
Olivia.  
Olivia Lowh.

Chorus.

Olivia was smart and fun.  
But her heart didn't want any longer.  
She died in her bed and the funeral was beautiful.  
But my heart cried out my love for her.
