I was handed a bag of dreams.
In this case it was a lie.
I saw a secret doorway.
Behind these stones of life.

Chorus:

I am here.
Here by your side.
I'm back in the city of life.
I'm overprotected by guardian angels.
Overprotected by you.

I was walking down the city.
With a left handed guy.
In my arms I got a ring.
Yes, a big diamond ring.

Chorus

Standing by the doorstep.
Looking in your eyes.
Smiling a bit closer to you.
With a lip of love I got.
