Vers 1:

I don't know what's going on in my life.
I just can't notice your love.

I don't fear it at all.
But I can't see it.
And I don't know how to do.

RefrÃng:

So just show me how to love you.
When it's hard to say I'm sorry.
You have eased my trouble mind.
So just show me how to love you back.
Show me how to love you.

Vers 2:

I don't know what love is for you baby.
I just can't sing it out.

But I don't fear love at all.
Just don't.
But I don't know how to love you.

RefrÃng:

Stick:

I love you my sweet darling.
But I can't say it to you.
Cause I don't know how to do it.
I just do it.
So:

RefrÃng.
