Standing by the riverside.  
Waiting to be clean.  
I'm a Jersey girl for sure.  
But now I'm the Arabian Star.

Chorus:  
I wanna be a star for you.  
I wanna be a reason for you to stay.  
A star in heaven above.  
The star for you.

Standing by the window.  
Shining like the sun.  
I'm the Jersey girl for sure.  
But now I'm the Arabian Star.

Chorus

I was walking down the street.  
Talking to myself.  
Then I'm crying a bit in the night.  
Waitin' for you to come.
