Tomorrow.
I walk down the isle with you.
It's my dream to get married.
And now I've found you darling.
There is no one else for me.
You're my number one babe.
And tomorrow it's gonna be us.
For real.

Tomorrow.
It's gonna be our day my love.
It's my faith in you and I together.
There's no one else for me.
You're my only man babe.
And tomorrow it's gonna be we.
For ever.

I will lay down my life for you.
You're the sweetest love for me.
I will open up my heart for you.
And I will... yeah I will.
I will never break your heart.

Tomorrow.
I'm gonna be your wedded wife.
And I will always love you my darling.
You and I are the one that fit.
Together we are one baby,
Tomorrow it's gonna be we.
For real.

I will lay down my life for you.
You're the sweetest love for me.
I will open up my heart for you.
And I will... yeah I will.
I will never break your heart.

Tomorrow is the day when we are one.
