Just an old love burned memory
That haunts from time to time
I remember how you promised
That forever you'd be mine
What happened to those words you said
Well I found out today
Never mind about tomorrow
Let's just live for yesterday

Chorus:

Never mind about tomorrow
Let's just live for yesterday
All the memories they come back to me
All the things you used to say
How could something that seemed so good to me
End up like this today
Never mind about tomorrow
Let's just live for yesterday

Bridge

I close my eyes try to pretend
Just how it used to be
Oh I miss you so much the soft gentle touch
Of your body next to me
Can we not go back to the way things were
Before you went away
Never mind about tomorrow
Let's just live for yesterday

Repeat Chorus:
