100 years just having fun
until you come [x2]
with your steroid arms
and skinny head
skinny head

you cut your wrists
slash your face
call it performance art [x2]
tryin to be cool
you're ignorant

anti-violent [x3]
anti, anti

you start a fight
drink beer all night
and molest the little girls
tell everyone there
that your physco
phys phys physco

well i dont think your physco
your just another show off
go shoot up
just one last time

anti-violent [x3]
anti, anti

we dont need your war [x3]

anti-violent [x3]
anti, anti
anti-violent [x3]
anti, anti
