He knew he was gonna get it bad
As his dad bailed him out of jail
Leading him from the station,
By a handful of his hair, he said,

"I just don't know what to do with you boy,
I just don't understand!?!?!?"

What the hell makes you act like this?"
And looking back, this lost punk said,
I found the meaning of life.
"I found it dad,
You're only born so you can die."
So you can die, so you can die, so you can die

But her dad beat her every day and night
She was showered in money
She cut her wrists at seventeen
She was showered with jewels

And there was nothing she could do
Everyone wondered why
She had it all,
She was rich and pretty,
But alone each night she'd cry

She found it now,
She found the meaning of life
You're only born so you can die
So you can die, so you can die, yeah

They found it now,
They found the meaning of life
You're only born so you can die

They found it now,
They found the meaning of life
You're only born so you can die

So you can die, so you can die, so you can die
So you can die, so you can dieSo you can die, so you
can die

Die, die
