Deceitful lies,
Alibi's,
Bullsh*t opportunist,
With a disregard for fall guys.

No collar crime,
Stolen design,
Spineless snitch,
You can't see beyond your own eyes.

Conceited time,
Hoarding flies,
You're so vain,
The sh*t on your nose worn with pride.

Absent mind,
Covert disguise,
Sh*t shining timeserver,
You'd f*ck your own mother just to get a bit ahead of
the calm.

This separation,
This disconnect,
This is more than ignorance,
This is more than disrespect.

"If not for me who would it be?"

And still we close our eyes and drown ourselves in
apathy.
And still we cover our ears and pray to God to cure
disease.
[x2]

This separation,
This disconnect,
This is more than ignorance,
This is more than disrespect.
[x2]

"If not for me who would it be?" [x3]

Redefining what wealth is,
Redesigning what success is.
(Who gives a f*ck who you are?)
[repeat]
