You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
(All together)
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
There's a gulf war vet.,
Dying a slow, cold death,
And the government says, "we don't know, the source
of his sickness"
But don't believe what they say,
Because the government is lying,
They've done it before,
And don't you know, they'll do it again,
A secret test, government built virus,
"Subject Test Group: Gulf Battle Field Troops"
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
First world war veterans slaughtered, by General
Eisnehower
You give em' your life,
They give you, a stab in the back
Radiation, agent orange, tested on u.s. soles,
Guinie pigs, for western corporations
I never have, I never will,
Pledge alligence to the flag
You're getting used, you'll end up dead
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
I don't need you to tell me what to do!
And I don't need you to tell me what to say... FUCK YOU!
I don't need you to tell me what to say!
And I don't need you to tell me what to think,

What to think, what to think, what to think,
What to think think think think
Die, gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit.
You gotta die, gotta die, gotta die for your
government,
Die for your country, that's shit
