First they came for the communists, and I did not
speak out
Then they came for the socialists, and I did not speak
out
Next they came for the trade unionists, and I did not
speak out
And then they came for me

This is autonomy, my American dream
Stepped over on the street, stars and stripes blinding
me
Their contagious air we breath, my American dream
Classism the black plague, will mark your grave

This is the second time
We will not fall in line
No you can't stop this exodus
No you won't stop this exodus
No you can't stop this exodus
No you won't stop this exodus

A hooded prisoner on the bay, these truths let freedom
ring
A child Darfur refugee, home of the free and brave
The ghosts of war who will not sleep, these truths let
freedom ring
The poor who drown in bigotry, will mark your grave

This is the second time, yeah, it's the second time
We will not fall in line
No you can't stop this exodus
No you won't stop this exodus
No you can't stop this exodus
No you won't stop this exodus

Fight forever more, the movement of the people
Fight forever more, the voice of the Emigre
Fight forever more, the movement of the people
Fight forever more, no concession, no compromise
Fight forever

First they came for the communists, and I did not

speak out
Then they came for the socialists, and I did not speak
out
Then they came for the trade unionists, and I did not
speak out
And then they came for me

No you can't stop this exodus
No you won't stop this exodus
No you can't stop this exodus
No you won't stop this exodus
This is the second time
We will not fall in line
