State official talks of freedom

THEY-TALK!

In this country that we live in

THEY-TALK!

Free to be harassed and be beaten by the pigs

YOUR RIGHTS? NO RIGHTS!

Till you're fucking broken, crippled, or until you're  
fucking DEAD!

YEAH!

They pass laws unfair to gays

THEIR-WORK

And separatist laws to keep the non-whites in their  
place

THEIR-WORK

Family values as a smoke screen blowing in your face

THEIR TRUTH? NO TRUTH!

Family values isn't something that shouldn't be based  
on hate

Based on hate...

Justice presides over them, late into the night,  
A blind fold covering their eyes, but something isn't  
right...

Under their arms, there are shackles on her legs  
And the hands that once held up her scales are bound,  
Are bound in chains!  
Bound in chains...

And behind their closed door, they conspire through  
the night

MORE WORK? SICK WORK!

And they won't stop until this nation is all straight and all  
white!

NO!!

They call it a free nation... but all it is, is A NAZI  
NATION!!!
