Yoh
One two
One two three four
Hey

Look back on history, nothing much has changed
Thousands of soldiers of all countries, all marching the
same
Every nation's leader says that our side is right
Every nation's leader says the time has come to fight
But they use the common people to settle their scores
It's time that we refuse to fight in any of their wars

We're looking to start a new army
Too smart to fight, too smart to die
We're looking to start a new army
Too smart to fight, too smart to kill for you, for you

One two three four, one two three four
One two three four, one two three four
One two three four, one two three four
One two three four, four

Join now the ranks of all nations who refuse to go to war
Refuse to pull the trigger of a gun for leaders 'round
the world
I'd rather fight to spread some tolerance and unity
Than buy into their nationalistic brainwashing
Killing mothers, fathers, sisters, brothers
Common human beings not savages but people, like
you, like me

We're looking to start a new army
Too smart to fight, too smart to die
We're looking to start a new army
Too smart to fight, too smart to kill

We're looking to start a new army
Too smart to fight, too smart to die
We're looking to start a new army
Too smart to fight, too smart to kill for you, for you

We're looking for a few good men
We're looking for a few good women
Who are not afraid to fight against tyranny
But who refuse to fight with tyranny, tyranny, oh oh oh
oh
Refuse, refuse, refuse, refuse, refuse, refuse, refuse,
refuse
Refuse, refuse, refuse, refuse, refuse, refuse, refuse,
refuse

We're looking to start a new army
Too smart to fight, too smart to die
We're looking to start a new army
Too smart to fight, too smart to kill

Yea, we're looking to start a new army
Too smart to fight, too smart to die
Oh, we're looking to start a new army
Too smart to fight, too smart to kill for you, for you
