Slaughtered by the hands of a butcher
The hands of the butcher were the hands of a "Doctor"
and
And these are the golden days that you want to bring
back?

Making it illegal won't make it go away
The rich will fly to far off lands, the poor will stay and
pray
That their back alley abortion is clean and safe

You can't make it go away, so why endanger women's
lives?
Because the issue here for you isn't life
It's control, control of what we do and say
But you'll never gain control, control, control

Is to value life, to move a factory to
The place that you can most easily fuck those laboring
for you?
That isn't what I call a high value on life

Yet that is the policy of those on the right
Who back the brainwashed Jesus jumpers with the cash
flow for the fight
But we won't let you control our lives

We're not gonna be, herded like your flock of sheep
I value life more than anything
And your false morals, can't do a thing to brainwash
me
I'll never be yours, yours, yours

And there's no justice, in a system
That's run by greedy old men, who want to control our
lives
There's no justice, in a system
That's run by greedy old men, who want to control on
our lives

You're not gonna control our lives anymore
You're not gonna control our lives anymore

You're not gonna control our lives anymore
You're not gonna go, you're not gonna go
You're not gonna control
