I always thought if you want to change the world
Then you have to start with yourself
So if George Bush wants to end terrorism
He should go ahead and kill himself

I will not sign my blind faith away
To an unjust leader [Incomprehensible]
Corporate masters live in their lavish pool
Of extreme wealth and excess
Whoa, whoa

The phrase world leaders
Does not describe the heads of state
Those few in power
Work only for the corporate sake

No action, no interest, no humanity at all
As the corporate towers rise up
They watch the people fall

A government untouchable by the people
Run by the corporations of the world
Enslaving mothers, fathers, sons and daughters

Profits put before people
Equal force, equal reaction
Equal suppression, equal rebellion

Will not sign my blind faith away
To an unjust leader [Incomprehensible]
Corporate masters live in their 'cess pools
Of extreme wealth and excess
Whoa, whoa

The phrase world leaders
Does not describe the heads of state
Those few in power
Work only for the corporate sake

No action, no interest, no humanity at all
Corporate towers rise up

We've got to make a change
No religions, sexual preference
And regardless of your race

We've got to make a change
No war, corporate run
Governments, no police state

We've got to make a change
For the good of the human race
We've got to make a change
For the good of the human

If you mother fuckers
Don't go crazy right now
The fist of fury that is pathetic
You will have to deal with

Two, three, four

No borders, no nations
No flags, no patriots
Woah, woah

No borders, no nations
No flags, no patriots
Woah, are you ready?
Woah, let's go

No borders, no nations
No flags, no patriots
Woah, woah, woah
