### "Power to the peaceful"

Sons and daughters of a dream  
the urge to struggle for an ideal  
to stay and fight  
oppose war fever  
refuse to kill or be killed  
there's voices calling in the wind and they sing  
"POWER TO THE PEACEFUL"  
with a readiness of all forms  
blood hard on dissent  
has swept the country & militarism  
there's voices calling in the wind  
"POWER TO THE PEACEFUL"  
THIS IS NOT A WAR  
of the urging people  
THIS IS NOT A WAR  
of economic independence  
it is a war of conquest  
ITS A WAR FOR MONEY  
THE ROAD TO UNIVERSAL SLAUGHTER  
check this out  
there's repression and intolerance  
on any deviation from the norm  
in all factions of your life  
at this time of entry  
into war say HEY-HEY  
if you know what they sing say HEY-HEY  
if you know what they sing say HEY-HEY  
if you know what they sing say HEY-HEY-HEY  
POWER TO THE PEACEFUL-WHOA-OH
