I thought i'd begun, to see a change
But the more things change, the more they stay the
same
You talk and talk of unity, but divide with your attacks
Back stabbing and name calling, the trade marks of
your act

(You say), "I'd like to see a change,
I'd like to see a change,
I'd like to see a change, but I'm too busy...

All us kids, we try to make a change
Some kids start a band, others start a zine
Tearing everyone down..."
Then give up and move onto some other thing
YOU, no matter what your path
You throw a curve in what could be achieved,
I'd like to see a change, but I'm too busy...

(You say), "I'd like to see a change,
I'd like to see a change,
Tearing everyone down..."

Take a break
From your fights,
Try to open up your mind tonight
That's complete
When you feel
Then we can tackle this society!
Everything in life I do...
But that doesn't mean,
I'm not trying to change,
You may not like
The same problems as you

(You say), "I'd like to see a change,
I'd like to see a change,
Tearing everyone down..." "I'd like to see a change, but
I'm too busy...
