Thrown out by her family
With the midst of anger
Mom and dad can't make sense
Of her sexual preference

It seems the car
Just drive by on this night
No one has any idea
What this feels like

You wave your flag
Tell me I'm free
Then use the word fag
To fuck with me

(You have a)
Hey hey, a right to choose
(Gender is)
Gender is not the issue

Judged by parents and the public
With the fingers pointed at them
Well, I'll point mine right back

They must realize
You can't change whom you love
Gender is not the issue

That night she said, "I will be true"
Meant every word she said to you

(You have a)
Hey hey, a right to choose
(Gender is)
Gender is not the issue

It seems today to be yourself
It takes so much courage and strength
You were half the human as people who come out
This world would be a better place

You wave your flag

Tell me I'm free
Then use the word fag
To fuck with me

Go and wave your flag
Go and wave your flag
Go and wave your flag
I'm free, fucking free, yeah

(You have a)
Hey hey, a right to choose
(Gender is)
Gender is not the issue
