Hey, tonight, tonight, tonight I'm gonna stay awake  
Safe inside this Trojan horse until day breaks  
Tear it up, tear it up, fuck it up  
In the streets runs a river knee deep  
Hidden in the blood of our own lies the alphabet of the free

As I walk through the valley in the shadow of the dead  
Will you remember them?  
As I walk through the valley in the shadow of the dead  
Will you remember them?

Ce soir, ce soir, ce soir je vais rester Ã©veillÃ©  
There is no extinguishing the resistance you betray  
The marquis, zapatista, white rose  
Can we see the end of a battle unheard?  
For every name in history there are a thousand more interred

As I walk through the valley in the shadow of the dead  
Will you remember them?  
As I walk through the valley in the shadow of the dead  
Will you remember?

I can't believe my own eyes, I've seen this sight 1000 times  
I can't believe my own eyes, I've seen this sight 1000 times  
I can't believe my own eyes, I've seen this sight 1000 times  
I can't believe my own eyes, hey

We will be sovereign in the water, in the shadow of the dead  
Still no one remembers them  
We will be free in the cold of the shadow of the dead  
You will remember then

As I walk through the valley in the shadow of the dead  
Will you remember them?  
As I walk through the valley in the shadow of the dead  
Will you remember them?

As I walk through the valley in the shadow of the dead  
Will you remember?
