Watch your right
Watch your left
Watch the right
Watch the center
And watch your back
Hey

Okay, it's on the radio, it's on the TV news
Conservatives and liberals, with ever clashing views
But as the days go by I can't tell which side is talkin'
Their left is in the center and labeled 'Liberal Doctrine'

They do nothin' for you
They do nothin' for me
No they give us nothin' to believe
Yeah

Watch your right
Watch your left
Watch the right
Watch the center
And watch your back

Watch your right
Watch your left
Watch the right
Watch the center
And watch your back

Let the Fed's pass a law, that takes your rights away
'Cause, you gotta sacrifice if you want to stay safe
'Til the day you find the Fed's in your back pocket
Lockin' you away for sayin', 'Question?', 'Think?', or ?
Stop It?

They do nothin' for you
They do nothin' for me
No they give us nothin' to believe
Yeah

Watch your right
Watch your left

Watch the right
Watch the center
And watch your back

Watch your right
Watch your left
Watch the right
Watch the center
And watch your back

Joseph McCarthy and Reagan, set the motherfuckin?
stage
For the right leanings that now grip the U.S.A.
They framed and jailed the Reds, lost the keys to the
cell
Set up the capitalist machine to go in for the kill
Yeah, yeah, yeah

Social divisions, encouraged by the few
(Few)
Those few in power, suckerin? suckers like you
(You)
As corporate welfare, flows from troughs of the state
(State)
Yeah big business, takes more than their fair take
(Take)

But in the end it is suckers like you
(You)
Who buy that the poor, are givin? you the screw
(Screw)
Don?t you realize that it?s just talk, talk, talk, talkin'
Like tax men at your door, fuckin, knockin? knockin?
knockin?

Watch your right
Watch your left
Watch the right
Watch the center
And watch your back

Watch your right
Watch your left
Watch the right
Watch the center
And watch your back
Yeah

Watch your right
Watch your left
Watch the right

Watch the center
And watch your back

Watch your right
Watch your left
Watch the right
Watch the center
And watch your back
Yeah back
