It's time to make a move (whoa oh)  
Change the times or they'll change you (whoa oh)  
False promises of more (of more)  
Check that shit at the door (the door)  
We're the ones we've been waiting for

We are the one, united under none  
We are the one, the one to carry on  
Whoa oh (whoa oh), whoa oh (whoa oh), whoa oh, whoa  
oh  
Whoa oh (whoa oh), whoa oh (whoa oh), whoa oh, whoa  
oh

Warfare is everywhere (whoa oh)  
Poisoned land, water, air (whoa oh)  
This routine is long old (long old)  
It's time to break that mold (that mold)  
We'll break it up, then we'll break out

We are the one, united under none  
We are the one, the one to carry on  
Whoa oh (whoa oh), whoa oh (whoa oh), whoa oh, whoa  
oh  
Whoa oh (whoa oh), whoa oh (whoa oh), whoa oh, whoa  
oh

Withstand the change  
Tear it down, rebuild again  
Evolve with vision  
Yeah, this year's eve, we will breathe fury  
I will scale the city's walls (scale! )

We are the one, united under none  
We are the one, the one to carry on  
Whoa oh (whoa oh), whoa oh (whoa oh), whoa oh, whoa  
oh  
Whoa oh (whoa oh), whoa oh (whoa oh), whoa oh, whoa  
oh, yeah!
