You're fired (you're fired)
You stupid fucking piece of shit!
You're fired (you're fired)
You're nothing but a hypocrite
You're fired (you're fired)
Conformist fucking chicken shit
Douse the dream in kerosene

You're fired (you're fired)
You only sing so phones can ring
You're fired (you're fired)
Here's something your phone can sing
You're fired (you're fired)
Fuck this, fuck that, fuck compromising
Douse the dream in kerosene

Watch it all fall apart
Murder the beast and feast on the heart
Watch the industry just fall apart
Off with the head and the body discard

(You're fired)
You stupid fucking piece of shit!
You're fired (you're fired)
You're nothing but a hypocrite
You're fired (you're fired)
Conformist fucking chicken shit
Douse the dream in kerosene
