It's in the paper every day

You see it in the headlines and you feel so sick

As another life leaves this world - this world so full of  
hate - but short!

Short on compassion, short on humanity

Asking myself in vain, shaken by the shock

"Do we even have a chance?"

I don't want to die

I don't want to kill

I don't want to kill

I don't want to die

We are all human

It's time to prove it

This is a plea for peace (world peace)

To the oppressors of the world (and to

To the leaders of nations,

Corporate profit takers,

To the every day citizen

Greed, envy, fear, hate- the competition has to stop!

When you see someone down - now is the time to pick  
'em up

Set our difference aside and never look back!

I don't want to die

I don't want to kill

I don't want to kill

I don't want to die

We are all human

It's time to prove it

Isn't everybody tired of the fighting?

Isn't everybody tired of the killing?

Isn't everybody tired of the dying?

Hatred?

Violence?

Fighting?

Killing?

Dying?
