And so the time has finally come  
The bourgeoisie have signed the war decree with  
Proletarian blood  
And that blood which flows from their pen  
Is the closest that they're ever been to the people...  
You've been to our shows, you've sung our songs  
Now we are asking you to add to each chorus you've  
sung and...  
Protest against: injustice, state terror  
On the streets of the world for the dis-empowered  
You've sung at our shows, cheered right over wrong  
Now's the time to hit the streets back up the words  
you've sung  
'cause our voices alone this time will not get it done...  
Looking to stop a rouge regime?  
Well the first one that we must suggest is  
WASHINGTON DC!  
The Bush "Terror War", UNCONSTITUTIONAL,  
UNCONSCIENTABLE  
We refuse to let him kill in our name for oil  
We know their game, know they're corrupt  
It's up to hit the streets and take our country back!!!  
Protest against: injustice, state terror  
On the streets of the world for the dis-empowered  
You've sung at our shows, cheered right over wrong  
Now's the time to hit the streets back up the words  
you've sung  
'cause our voices alone this time will not get it done...  
Because united the people will indeed get it done!
