your gonna die gonna die gonna die for your
government,
die for your country thats shit.
your gonna die gonna die gonna die for your
government,
die for your country thats shit.
theres a world war vet
diein a slow cold death
and the government says
they don't know the source of the sickness
but don't believe what they say
because the government is lyin
they've done it before
and don't you know they'll do it again
your gonna die gonna die gonna die for your
government,
die for your country thats shit.
your gonna die gonna die gonna die for your
government,
die for your country thats shit.
world war veterans slaughtered
by general lies and power
you give em your life
they give you a stab in the back
radiation h and oarange
tested on us soil
guinneypigs for a western corperation.
i never have
i never will
pledge allegience to the flag
you pledge your life you end up dead
your gonna die gonna die gonna die for your
government,
die for your country thats shit.
your gonna die gonna die gonna die for your
government,
die for your country thats shit.
i don't need you to tell me what to do
and i don't need you to tell me what to play
fuck you
i don't need you to tell me what to say

and i don't need you to tell me what to think
what to think
what to think what to think think think think
gonna die gonna die gonna die for your government,
gonna die for your country thats shit.
your gonna die gonna die gonna die for your
government,
die for your country thats shit.
your gonna die gonna die gonna die for your
government,
die for your country thats shit.
your gonna die gonna die gonna die for your
government
