Talking in my sleep  
Constantly I run my mouth  
Deep down I know that I shouldn't be  
And that's why we  
Never will agree  
You and I we never could see eye to eye  
But I wanna  
Well I know the perfect way  
Next time I have too much to say

Just kiss me quiet  
And take my words away  
Why don't you kiss me quiet  
And shush me with your lips  
Oh baby, silence can be oh so sweet  
Can't you see that all I need's for you to kiss me... quiet

If that's the only way  
For us to communicate  
Then I must say that it's pretty great  
It filters out the noise  
And if I had the choice and boy I could enjoy it every  
day  
Seems like the perfect way, next time I have too much  
to say

Just kiss me quiet  
Take my words away  
Why don't you kiss me quiet  
Shush me with your lips  
Oh baby, silence can be oh so sweet  
Can't you see that all I need's for you to kiss me

A little peace, a little treat, a little bit of love  
I betcha that's the kinda thing you never would've  
thought of  
Well that was all before - tell me what you're waiting  
for... kiss me

Ooh, kiss me quiet  
And take my words away

Why don't you kiss me quiet  
And shush me with your lips  
Oh baby, kiss me quiet  
And take my words away  
Why don't you kiss me quiet  
And shush me with your lips  
Oh baby, silence can be oh so sweet  
Can't you see that all I need's for you to kiss me... quiet

Yeah, kiss me quiet  
And take my words away  
Why don't you kiss me quiet  
And shush me with your lips  
And kiss me
