Late at night all alone I cling to hope that
You're gonna want me too
And I can't eat, I can't sleep am I foolish to think
That we could act out just one fantasy

Seven days have passed and time is movin' fast as it
Could be I've become a fool at the thought of you
Lovin' me seven more times seven nights dragging
On here endlessly
You better come and get it

Cause my love (my love)
It has no limit
I can tell what's on your mind
You better take your chance and get it
Get my love (my love)
Ooh, ooh, ooh
I'm gonna wrap you in it
You're never gonna get a better love than mine

There've been so many times we've made love in my
Mind before, I can't take no more
And I can tell by your smile you've pondered a while
On this who knows what comes after a kiss

Seven days have passed and time is movin' fast as it
Can be, I've become a fool at the thought of you
Lovin' me seven more times seven nights dragging
On here with no sleep

My love (my love)
It has no limits
I can tell what's on your mind
You better take your chance and get it
Get my love (my love)
Ooh, ooh, ooh
I'm gonna wrap you in it
You're never gonna get a better love than mine
