Days go by  
Time is long  
Hearts can beat to a different drum  
They say

You might think we're the perfect one  
Best laid plans come undone  
Some day  
Look around you  
Look around you

Believe in love  
You've got to believe in love  
Don't look back  
Don't look back, you can never look back  
Keep on moving, face the day

CHORUS  
No more the innocent child  
No more lonely hearts  
No more of innocent days  
I'm changing, I'm changing  
No more the innocent child  
I know when we're apart  
Time won't wait, you can't change fate  
Time won't wait

The world keeps turning round and round  
Love can't breathe  
Tired and bound, no way  
Look around you  
Look around you

We can take this time tonight  
Tomorrow see it in a different light of day  
Sometimes it's hard to go on

Faith in love  
You've got to have faith in love  
Don't look back  
Don't look back, you can never look back

Keep on moving, face the day

#### CHORUS

Time won't wait  
We can't change this  
We must go, we must go  
On and on and on and on  
I'm changing, I'm changing

#### CHORUS x2

No more the innocent child  
No more innocent days  
I'm changing, I'm changing  
No more the innocent child  
I know when we're apart
