Give a little love, give a little love, give a little love  
Rap1: Give me something you can't get back, what it  
is I'm needing that my love's so deep inside it feels  
so good, I just can't hide to have you here I try, the  
smile and face to side, let's rise above I got to give  
you just a little love, Shout it out and you can feel my  
love, cause you know that it comes from above Shout it  
out and you can feel my love soft you like a dove  
Chorus: Gonna give a little love to my baby,  
gonna give a little peace of my heart Gonna give a little  
love to my baby,  
and I guess it will be not just apart  
Bridge: When you tell me that you love me, tell me that  
you care,  
Make me feel like I got the world in my hands,  
Give a little love, give a little love, give a little love  
and maybe it's you  
Rap2: You know I can't compare, I'll always treat you  
fear  
let's rise above, I got to give you just a little love

cause you know that it comes from above  
Shout it out and you can feel my love  
soft you like a dove
