Where are you running?
What are you running from?
I wish I could save you now.
But you're lost and I don't know how.

You've always been so bright.
But the light has gone from your eyes.
Your love has been replaced.
By this poison coursing through your veins.
Yeah.

I don't understand what keeps you running,
Away from the ones you love.
My heart is breaking,
'Cause I fear you are too far gone.
Tell me why you're running.
This life will destroy us all.
It's killing you slowly,
Addiction consumes us all.

I wonder where you hide,
And if you'll come home tonight.
Or if I'll receive the call,
That you didn't survive the fall this time,
No.

I don't understand what keeps you running,
Away from the ones you love.
My heart is breaking,
'Cause I fear you are too far gone.
Tell me why you're running.
This life could destroy us all.
It's killing you slowly,
Addiction consumes us all.

You held the world in the palm of your hand.
Wasted youth you can never get back.
Try as I might, I will never understand-
Why you take addiction's hand.

What keeps you running,

Away from the ones you love?
My heart is breaking,
'Cause I fear you are too far gone.
Tell me why you're running.
This life will destroy us all.
It's killing you slowly,
Addiction consumes us all.

It's killing you slowly,
Addiction consumes us all.
