Something always brings me back to you
It never takes too long
No matter what I say or do
I can still feel you here 'til the moment I'm gone

You hold me without touch
You keep me without chains
I never wanted anything so much
Than to drown in your love and not feel your rain

Set me free, leave me be
I don't want to fall another moment into your gravity
Here I am and I stand so tall
Just the way I'm supposed to be
But you're on to me and all over me

You loved me 'cause I'm fragile
When I thought that I was strong
You held me for a little while
And all my fragile strength had gone

Set me free and leave me be
I don't want to fall another moment into your gravity
Here I am and I stand so tall
Just the way I'm supposed to be
But you're on to me and all over me

I live here on my knees
And I try to make you see
That you're the only thing that I need
Here on the ground
But you're neither friend nor foe
And I can't seem to let you go
The one thing that I still know is that
You're keeping me down

Something always brings me back to you
It never takes too long...
