Where do I fall,
Now that you are not there to catch me?
I think about it all
And what a shame our love has gone to waste.

I try as hard as I can to be strong.
But I can't get over the fact that you're gone.

And I, I just can't forget the way you made me feel
alive.
And I, I know you need to move on and get on with your
life-
Without me, though it's hard to let you go,
Without me, baby, you're gonna grow.
Outside the shadows.
Outside the shadows.

The rain has stopped for now,
And the sun is breaking through.
A better day will come,
And the winds of change will bring you someone new.

Someone to share your heart,
While mine continues to break apart.

And I, I just can't forget the way you made me feel
alive.
And I, I know you need to move on and get on with your
life-
Without me, though it's hard to let you go,
Without me, baby, you're gonna grow.
Outside the shadows.
Outside the shadows.

Without the bad, the good wouldn't taste as sweet.
Without the sad, what would happiness be?
A little rain must fall, to appreciate the beauty of it all.

And I, I'll never forget the way you made me feel alive.
And I, I know you need to move on and get on with your
life-

Without me, though it's hard to let you go,
Without me, baby, you're gonna grow.
Outside the shadows.
Outside the shadows.
