Take me away, to another time and place,  
Where it could be just you and I for awhile.  
You'd feel no more pain, on a bright and sunny day,  
Your lips and mine could meet just one last time.  
I know it's crazy, and a little selfish maybe,  
Without you in my life I can't go on.

I need you, and I'd give anything  
To look into your eyes again.

But until then, I will be dreaming of you,  
And everything that we have been through.  
And when the day comes, that I can see you again,  
We'll embrace like you have never left.  
Take me away, to you.

Too young to go, I only held you for awhile,  
And I'd give up my life to see you smile.  
And it's so unfair, to have to say goodbye,  
To a love you only find once in a lifetime.

I miss you, and I'd give anything,  
To be in your arms again.

But until then, I will be dreaming of you,  
And everything that we have been through.  
And when the day comes, that I can see you again,  
We'll embrace like you have never left.  
Take me away, to you.

Where you've gone, isn't so far away,  
That I can't close my eyes and feel you here.  
Tell me this, will you remember me...  
Or will I have to live with memories?

Take me away, to another time and place,  
Where it could be just you and I for awhile.  
Where love never ends, and we'll be whole again,  
Oh, I can't wait till you take me away.  
Up to you.
