[Hook] x 2

Hey dawg, I need a favor  
Man you talking bout a favor  
I'm bout broke as fuck praying for a cable  
Hey dawg, I need a favor  
I don't know what you still talking for  
I'm in the ghetto with a 40 in hand

My younging they ask for favors  
It hurts me that I might need with the help  
Told him just know I need some help for myself  
If I for it you got it, believe that dope  
Right now, I'm just waiting on a word  
To hit some nigga back door,  
Who ain't... in the street, ain't lend his own team...  
So I creep that beat, waiting to put the nigga 6 feet  
He got a Bentley had a rarry, motorcycle, a ducatti  
I send flowers to his wake, when it's folks you know his  
body  
I'm proud of talking bout some nigga you know  
Or heard of before  
Man talking down on the team, so pussy's gots to go  
I got mouths to feed, this here ain't no greed  
The nigga move but I still gotta leave

To see that we ain't playing with you fakers  
Send that 2 ears with down we spray around...

Just ask my nigga rob, no, tryina get my doll 20  
By the burner that he lit blow

His trouble be green jeffe,  
That's billy bad ass cause bad ass put the word to the

You niggas ass grass, shank... paper twon  
Young money, I gotta cop a thousand left to blow

Hey dawg I need a favor, I'm stressed  
Feels like I hit my best, for robbing niggas and best  
But I'm cool though,... acting fool though  
And fuck the police, it's the first rule though  
People say my mind gone, jam become my sack low  
Say I'm back and forth shit, well this will make my set  
grow  
Who is you to judge me?  
Looking all dusty,  
I would ask for help and spelling out musty  
It must be, you can't get your...  
What I gotta do with that, you're a broke nigga  
You a joke nigga, kill yourself  
I mean it's over your ass, kill yourself
