Should you go first and I remain
One thing I'd have to do
Walk slowly towards your door
Soon I will follow you

Will I dream of good times
Only love in our minds
Will I dream of making love
Always knew that it was enough

She's gone to live in
Memory's garden

I'll want to know each step you take
So I can walk the same
Someday down that lonely road
You'll hear me call your name

Will I dream of good times
Only love in our minds
Will I dream of making love
Always knew that it was enough

She's gone to live in
Memory's garden

Travelled along so many roads
Must have tried everyone
Today we shown new directions
Ones we've never seen before

Will I dream of good times
Only love in our minds
Will I dream of making love
Always knew that it was enough

She's gone to live in
Memory's garden
