There's lonely people in distress  
Hell is better, I confess  
All my dreams have been destroyed  
Horse misused, eternal void

So many names upon the wall  
Purple curtain, funeral pall  
Seems they were so sincere  
Mercy blossom, future's here

Hello strawberry skies  
Pleasant dreams for tired lives  
Hello strawberry skies  
Where the world never dies

Don't need a cross to hang around  
Wings of envy, scenic sound  
All our lives we've been on the run  
Inner freedom rising sun

Hello strawberry skies  
Pleasant dreams for tired lives  
Hello strawberry skies  
Where the world never dies
