"Long Shadows Fall"

Visit "[Long Shadows Fall](#)" on MotoLyrics.com

On the road of winters misery
Drifting motionless in pain
Enlightened dreamscapes are assured
Sad certainty of mine
Hallucinations are clearly all around

Long shadows fallen down
Long shadows fallen down

Desperation bleeds insanity
Disruptive angels haunt my brain
Appealing mercy of the fire
Dances slow on fire

Hallucinations are clearly all around

Long shadows fallen down
Long shadows fallen down

On the road of winters misery
Drifting motionless in pain
Enlightened dreamscapes are assured
Sad certainty of mine
Hallucinations are clearly all around

Long shadows fallen down
Long shadows fallen down
