Chorus: (x2)

I can never understand a bitch nigger
I can never understand a good gossip in...
I can never understand all these haters
I can never understand why niggers catch...

The whole world telling these street niggers
Claiming they're real, so many they put on...
It mean they're.... confused there's...
All over nothing, catch a case..
Who can you trust and...
All of the girls..
speaking those shit that they ain't got no ... talking
about
Stay out ... got too much time on your hands...
..I can stand these ... bitches, could they all..
I can't stand these rap niggers till they ...
Talking about Masseratti...

Chorus: (x2)

I can never understand a bitch nigger
I can never understand a good gossip in...
I can never understand all these haters
I can never understand why niggers catch...

But I guess I'm just too real
...bitch, I don't feel you!
Fear from the ...
Dripping on that wood...
The bullshit that haters try to ...
The price that the street put on my head
I feel light.... and this bitch can't..
Hope what a nigger said
Unless it's a .. don't affect me
..in my face they gonna respect me
That a nigger try to check me
Like a question
For real turn it up like a volume
You said you was a warrior, now you don't want no
problems

Chorus: (x2)

I can never understand a bitch nigger

I can never understand a good gossip in...

I can never understand all these haters

I can never understand why niggers catch...
