We are the dinosaurs
Bigger than a grocery store
Food is what we're looking for
To find enough's a mighty chore
'cuz everything in sight is just a little bite
Im as big as a house, but im not too tall
Im hip, im havey, 'bout nine tons in all
Gotta bony shield and a tail that flops
Im a three-horned happenin' try-serotops
We are the dinosaurs
Bigger than a grocery store
Food is what we're looking for
To find enough's a mighty chore
'cuz everything in sight is just a little bite
Im tiranosaurus rex and im the leader of the pack
I could eat a hippopotomas and call it just a snack
The sound of my footsteps, it fills the world with fear
And what's caught between my teeth could fill an army
for a year!
We are the dinosaurs
Bigger than a grocery store
Food is what we're looking for
To find enough's a mighty chore
'cuz everything in sight is just a little bite
