Listen to me, woman
The last words I say to you
You cover out, tell me all your lies
But I know you ain't been true

You can't do that
Make me feel so bad inside
I like to know you
I probably want to lie

I called you early last evening
I said "meet me about nine o' clock"
You took a fork in D.A.A
But I know you weren't on my block

Where did you go, then?
I know you've been seeing another man
I hope you liked him
I know he just wants to hold your hand

Oh, look to me, woman
The last words I say to you
I'd like to keep to all to myself
And I just don't know what to do

I gotta know if
You feel the same way that I do
I can't live like this
I don't know what to do
