Here I go again,
I feel the need
I need a little solid ground but
I don't care!

I'm getting higher
My mouth's getting drier
I'm going somewhere,
Here I go!

Ah, I here go way
I can't take it in here
Look out, how,
I don't know why, I'm goin'.

Life is all around
My head is to the sound
If I'm going somewhere
Is it real?

I'm getting higher
It's gettin' drier
Life is go somewhere,
Here I go! Yeah,

Oh, look out, babe!
I can't take it here--
I don't know if--
This is the sun--shining on the moon,

Yeah, get on top.

All right!
Oh, here I go!
I'm goin-I'm goin' down,
Yeah!
