"On Our Minds"

Visit "[On Our Minds](#)" on MotoLyrics.com

One, two, three, four!

Well, I got something on my mind
It tends to be on there all the time
All the people, nothing there
I got fists to fight here and there

It's about the face of time
Puttin' our freedom on the line
We can stand up all the time
We got troubles on our minds

To the people it comes alive
We forgot the power, not so much time
Just remember it's the time
We got freedom on our minds

It's about the face of time
Puttin' our freedom on the line
We can stand up all the time
We got revolution on our minds

On our minds
On our minds, minds, minds, minds
Minds, minds, minds, minds
Minds, minds, minds, minds
