There she was, just standing there,
Looking lean and mean
The way she moved, I had to stare
Yeah, she's a lethal queen

Spider Lady, you got a hold on me
Spider Lady, you can't set me free

She's got icy diamond eyes
They cut you if as glass
I felt a chill as she passed by
But fire was everywhere

Spider Lady, you got a hold on me
Spider Lady, you never set me free, whoo yeah

She weaves her silver moonlight lone
She waits within her lair
Cunning, scheming for me alone
So I best beware

Spider Lady, you got a hold on me
Spider Lady, you never set me free, no no no no

Her hair is black as the midnight sky
Her lips are crimson red
You do her bidding, you don't ask why
I'm caught within her web

Spider Lady, you got a hold on me
Spider Lady, you never set me free, no no

Spider Lady, you got a hold on me
Spider Lady, you never set me free,

(spoken)
Ooh, spider lady, black widow
What'd you do to me?
Spider lady, what you got in your hand?
Spider Lady, I don't like that look in your eye.
What-what you gonna do now?

Ouch! Get your teeth out of my neck!
Aah!
