I want you to know that I love you, baby.
Want you to know that I care.
I'm so happy when you're around me
But I'm sad when you're not there.

Sing!
Whatcha gonna do about it, my baby?
Whatcha gonna do about it?
Whatcha gonna do about it?
Whatcha gonna do about it?

I want you to give your sweet cheek kisses,
Want you to hold me tight.
I want to come when if I call you,
And let me walk you home at night.

Whatcha gonna do about it?
Whatcha gonna do about it?
Whatcha gonna do about it?
Whatcha gonna do about it?

I want you to know that I love you, baby.
I said it before but I care.
I'm so happy when you're around me
But I'm sad when you're not there.

Here me come again!
Whatcha gonna do about it?
Whatcha gonna do about it?
Whatcha gonna do about it?
Whatcha gonna do about it?

Whatcha gonna do about it?
Whatcha gonna do about it?
Whatcha gonna do about it?
Whatcha gonna do about it?
