Mo]

This song goes out to that boy

Who used to laugh at me!

Pull my hair, snap on my gear

Yeah shouldn't have wrote this song

But laugh now baby, laugh now

Oh, oh you used to play me like minimum wage

Played me out like a high top fade

You weren't try-na hear nothing I had to say

And ooh you used to laugh at my little shape

My DNA was flatter than pancakes

Now you say I'm off the chain

And I blow you away

1 - Cause back in the day

You wasn't try-na see me

Now you got so much to say

Could it be the money?

Could it be the videos?

Could it be the fly cars?

Could it be you want me cause baby you're just star  
struck?

Now you be try-na get backstage

My, my look at how things have changed, hey

What can I say? What can I say?

I done grewed up and filled out in every place

Now you want to be in my face

You want to get up in my DNA

Cause you see I'm paid

Repeat 1

I know that you're Bentley wannabe on my squad

Cause you see we're rolling deep

But too bad you can't be down with me

Sorry, sorry

If you had a been much more good to me

When I, I was nothing

Don't sweat my technique

Cause you wanna be down with me

[Mo](Missy)

I know, I know

You wanna be down

For sure, for sure

I know, I know

(Yo)

You wanna be down

(No, no...)

For sure, for sure

[Missy Elliott]

I'm the bitch like I told ya  
Why you all up in my grill like I know ya?  
And them styles that you kick I did before ya  
All that junk that ya talkin' ya need to slow it up  
I used to be a nobody till I blowed up  
Every show that I do a million shows up  
They say Missy how you've done tore up  
I blow through like a vroom bulldozer  
Soldier, make it hot like a solar  
I break it down, break it down to the floor uh  
Smell musty motherfucker naw show ya  
The funky feeling worth a million and some more  
Gettin' tipsy off of Henney then I throw it up  
I call home BLING BLING got me shining up  
Call Mo BLING BLING then I shine it up  
I keep a fo' for life then nail when it's time to fuck  
Star struck!  
Repeat 1 (2x)  
Ow! Yeah, yeah  
Laugh now baby  
Laugh now baby, uh-huh  
Laugh now baby
