Check this out boo

The only thing that matters is  
If you happy and I'm happy  
You know what I'm sayin'?

You said you're a friend of mine  
(We know this real ghetto love)  
(After the fussing and fighting)  
It turned out, you crossed the line  
(That's when the love makin' good, real good baby)  
I forgive you, I don't know why  
(But our friends ain't our friends)  
You said you're a friend of mine

You said you're a friend of mine  
(You know)  
It turned out to be a lie  
(Your mama in our business)  
(Your sister in our business)  
I forgive you, I don't know why  
(The media in our business)  
(These motherfuckers don't understand)  
You said you're a friend of mine

Call the cops for nothing  
All the jumping and stunting  
It should be kissing and hugging  
I mean loving and rubbing

I'm on your team, your on mine team  
I'm your king, you my queen  
I'm the ice, you the cream  
But your friends love the scheme

Even I told you you was special  
But these hoes will sweat you  
The niggas will wet you  
And this ghetto is pressure

But I'll this fighting in front of the kids  
It's time to live big  
Build a family tree of figs

And let the haters dig

You my rose, I'm your flower  
I think about you ever hour  
Keep them hoes out our business  
When you need me just holler

You said you're a friend of mine  
It turned out, you crossed the line  
I forgive you, I don't know why  
You said you're a friend of mine

You said you're a friend of mine  
It turned out to be a lie  
I forgive you, I don't know why  
You said you're a friend of mine

I tell you all my problems  
Share my deepest secrets with ya  
Hit ya on the side  
Girl, you down to ride

I feel so safe with ya  
Get cha what you need  
A condo in the valley with the keys  
Palm trees

Jet skies  
Fly you over seas  
It's silly how we did it  
Really we committed

I'm dippin' out the studio  
With the tooth faking  
My heart just uh aching  
While I'm shakin' and snakin'

You tell me take a chance  
So I dance with the devil  
I kiss you on the cheek  
And now we sneek into the bedroom

Tossin' and turnin'  
Burnin', yearnin' for love  
And you supposed to be in love  
With my young cuz

What's love got to do with this?  
And it's all based on friendship  
Ain't that twisted

Somebody told my boo and I think it was you  
Had to be 'cause  
I ain't heard from you or seen you  
So it must be true

You said you're a friend of mine  
It turned out, you crossed the line  
I forgive you, I don't know why  
You said you're a friend of mine

You said you're a friend of mine  
It turned out to be a lie  
I forgive you, I don't know why  
You said you're a friend of mine

You said you're a friend of mine  
It turned out, you crossed the line  
I forgive you, I don't know why  
You said you're a friend of mine

You said you're a friend of mine  
It turned out to be a lie  
I forgive you, I don't know why  
You said you're a friend of mine
